## Building On-Your-Lot

### We build the home you want, where you want it

Armstrong Homes builds the home you want, where you want it! If you have a piece of property you would like to build on, or would like to purchase land outside of the normal subdivision, we will be happy to help you through this process.

We will work with you from budgeting, initial plan design, the permitting process, all the way to completion.

Some of the ways Armstrong Homes will help you build on-your-lot include:

**Budgeting**—Our project coordinators will help you determine what you can build and what upgrades make sense for you.

**Financing**—We have lenders who know our system which greatly eases the construction

loan process.

**Permitting**—We will work with your local permitting agency to ensure all necessary documents are taken care of.

**Armstrong will overcome any challenges your unique piece of property presents!**

**Plan Design**—Our experienced designers can overcome any challenges your piece of property may present.

**Building Process**—With nearly 60 years experience, you can rest assured that an Armstrong will take care of you throughout the process. An Armstrong Home is quality home, and every home we build on unique lot's have their own challenges we overcome.

Building your new home may sound daunting, but Armstrong Homes is ready to make your dream a reality.
