## Armstrong Drafting and Design

### Bring us your custom design or use one of our stock plans!

At Armstrong Homes, we have our own Drafting and Design Department to benefit the potential homebuilder.

We will work with you from scratch to design your custom home. We also feature many stock floorplans. These are ready to be built, but can also just be a starting point for you to customize. Check out our New Basic Series, which includes computer generated renderings! To view some of our custom designed homes, click here.

Utilizing Armstrong Drafting to design your home and Armstrong Homes to build your home ensures that you will be building a home that is efficient, and is easily able to be built using

our off-site construction method.

Armstrong can help design not only your residential home, but also duplexes, multi-family, and light commercial buildings. Maxi-

**This custom home was designed by Armstrong Drafting and Design with help from the home owner.**

mize your space and efficiency to save \$\$\$!

Also, Armstrong Homes, as a member of Built Green, supports building sustainable and energy efficient housing. Our Drafting Department will work with you to design a home that is **environmentally and family friendly!**

If you have any questions or comments, please contact us via the web, or email me at:
