It's a Great Time to Build or Remodel!

Take Advantage of Government Tax Credits While They Are Still Available

Did you know that the federal government is offering tax credits for energy efficiency this year?

On existing homes, you are eligible for a tax credit up to 30% of the cost up to \$1500 on items such as new windows, insulation, roofs, HVAC, and water heaters!

With these credits, it's a great time to update your home! I just finished my basement and look forward to the tax break at the end of the year...

If you are in the market for a new home, you are not left out. Tax credits are available at 30% of the cost with no upper limits for items such as geothermal heat pumps, solar panels, small wind energy solar water heaters, systems, fuel cells, etc.

Contractors, you also can benefit

from the new tax credits as all new homes built with 50% energy savings for heating and cooling over the IECC are eligible for a \$2000 tax credit.

Replacing your old windows is one way to take advantage of the energy star tax credit.

For more informational on all these federal tax credits please go to:

www.energystar.gov/taxcredits

Or, contact one of our representatives via our website at www.armstrong-homes.com

Now is the perfect time to get serious about a remodel or a new build. Material costs are down, interest rates are low, and tax credits abound.

If you have any questions, please contact one of our offices or you can email me at:

Jason.armstrong@armstrong-homes.com

Thanks,

Jason Armstrong

Armstrong Homes

Sticks, Bricks, & Other Armstrong Info....

• "Project of the Month"

This month we are featuring a light commercial project from our headquarters Armstrong Building Components! To view the project, click [here](#).

• Need any Doors, Trim, Stair-parts, Cabinets, etc?? Armstrong offers a full service [Millwork Shop](#) open to contractors and the public! We provide local delivery services as well. Why go to a big superstore when you can receive personalized customer service from Armstrong?

• Have a project you are considering? All of our offices are willing to sit down with you to determine the scope and feasibility whether it be a garage, a custom home, to a large commercial project. Visit www.armstrong-homes.com to contact us and/or schedule an appointment.
